*В описании указывается не предмет самой книги, а, скорее, интересующая тема, к которой эта книга имеет отношение.

Pictures of some books (not listed here) can be viewed at the following web pages:

Описание библиотеки продолжается. More books to be added into the catalogue.

Я сейчас притормозил каталогизирование. Буду продолжать, конечно, но существенно медленнее.

Учтена приличная часть библиотеки. Меньше половины, но больше четверти. Скажем, треть...

Из иностранных книг учтены процентов 90. Остальные, в основном, по-русски.

Основные тематики книг, еще не вошедших в каталог:

Архитектура (классическая, средневековая, восточная);

История науки (в основном, математики и астрономии);

Орнаменты;

Пропорции, симметрия и кристаллография;

Восточная литература;

Восточное искусство;

Энциклопедии и словари.

Также какое-то количество книг по оккультизму, религии, музыке и др.
